Sustainable, Responsible and Impact Mutual Fund and ETF Chart

Fund Profile:

Calvert Conservative Allocation Fund A

General Fund Information

Ticker: CCLAX

Assets under management (AUM): \$229.9M (in US\$ millions)

General Fund Type: Equity Specialty

Specific Sizes or Types of Investments: Primarily in a blend of fixed-income and equity securities.

Financial Objective: Seeks current income and capital appreciation, consistent with the preservation of capital

Specific ESG Focus: Calvert believes that responsible corporate behavior can contribute to investment returns and mitigate risk over the long term. For this reason, Calvert incorporates proprietary environmental, social, and governance (ESG) research into many of the underlying Funds' security selection processes. Calvert's team of in-house sustainability analysts evaluates companies across seven broad areas of concern: governance and ethics, the environment, workplace issues, product safety and impact, international operations and human rights, Indigenous Peoples' rights, and community relations.

Account Minimums

Minimum Account: \$2,000

Minimum IRA: \$1,000

Methodology

Screening Venue: In-house

Screening Party: Calvert's Sustainability Analysts

Screening Database Used: Calvert Proprietary Database

Screening Process: Each Fund is a "fund of funds" that seeks to achieve its investment objective by investing in a portfolio of underlying Calvert fixed income and equity funds that meets the Fund's investment criteria, including financial, sustainability and social responsibility factors. Investments for each underlying fund are first selected for financial soundness and then evaluated according to the Fund's sustainable and socially responsible investment criteria. In addition, each Fund may invest in cash and short-term money market instruments and, to a limited extent, in ETFs in order to facilitate the periodic rebalancing of the Fund's portfolio to maintain its target asset allocation, to make tactical asset allocations and to assist in managing cash. The cash, short-term money market instruments, and ETFs in which a Fund may invest will not be subject to sustainable and socially responsible investment criteria and will not be required to meet such criteria otherwise applicable to investments made by that Fund. In addition, the ETFs in which a Fund may invest may hold securities of companies or entities that the Fund could not invest in directly because such companies or entities do not meet the underlying fund's sustainable and socially responsible investment criteria. The principal purpose of investing in ETFs is not to meet the sustainable and socially responsible investment criteria, but rather to help the Fund meet its investment objective by obtaining market exposure to its target asset allocation. Each Fund's investment criteria include the sustainable and socially responsible investment criteria of the underlying Calvert Funds in which the Fund invests.

Disclaimer: Investment in mutual funds involves risk, including the possible loss of principal invested. The Fund is subject to asset allocation risk, which is the chance that selection of, and allocation of assets to, the underlying funds will cause the Fund to underperform. The Fund shares the principal risks of each underlying fund in which it invests and pays a proportionate share of the operating expenses of those funds as well as the direct expenses of investing in the Fund. Asset allocation does not ensure a profit or protect against a loss. For more information on any Calvert mutual fund, please contact your financial advisor or call Calvert at 800.368.2748 for a free prospectus. An investor should consider the investment objectives, risks, charges, and expenses of an investment carefully before investing. The prospectus contains this and other information. Read it carefully before you invest or send money. Calvert Distributors, Inc., member NASD, a subsidiary of Calvert Group, Ltd.
