Separate Account Managers in Sustainable and Responsible Investing

Strategy Profile:
Trillium Sustainable Opportunities

About This Strategy

Assets Under Management (AUM): $209M (in US$ millions)

Required Minimum: $2 million direct, $100,000 advisor

Benchmark used: S&P 1500

Strategy type: All Cap

Strategy description: Sustainable Opportunities is a high-conviction, higher-tracking error sustainability-themed investment strategy that seeks to provide long-term investment growth by investing in companies positioned to thrive as we transition to a more sustainable economy. The strategy employs fundamental equity analysis that integrates ESG factors and emphasizes high-growth companies trading at reasonable valuations. Companies must demonstrate that they are contributing to three core sustainability themes through their core business: Green Solutions, Economic Empowerment, and Healthy Living. The portfolio has no fossil fuel exposure

About The Company

Institution Name: Trillium Asset Management

Approach to Sustainable & Responsible Investment: Trillium Asset Management is the oldest independent investment advisor devoted exclusively to sustainable and responsible investing (SRI). We believe that environmental, social, and governance (ESG) factors play an integral role in the investment process, which can lower portfolio risk and help identify the best-managed companies. Trillium is a leader in shareholder advocacy and public policy work. Our goal is to deliver both impact and performance to our private and institutional investors.

Research conducted: Both internally and externally

Researcher name: Fundamental Analysts
