Strategy description: The SRI Fossil Free strategy aims to achieve superior long-term appreciation through rigorous stock selection based upon proprietary fundamental analysis combined with a top-down approach to portfolio construction. Socially responsive investing strategies seek competitive risk-adjusted returns, while reflecting the unique social goals of each client. Our dedicated team of social research analysts conducts proprietary social research on domestic and international companies and issues. Accounts in this strategy contain restrictions on investments based on the performance of a company in the area of social and environmental responsibility and excludes those companies which generate the majority of their revenue from the production of fossil fuels.
